

Alexander Rose

Commercial Collection 2023

Different By Design

We are proud to have been manufacturing outdoor and spa furniture for over 25 years. In that time we've evolved and adapted to become a leading designer and supplier of commercial furniture for the hospitality industry.

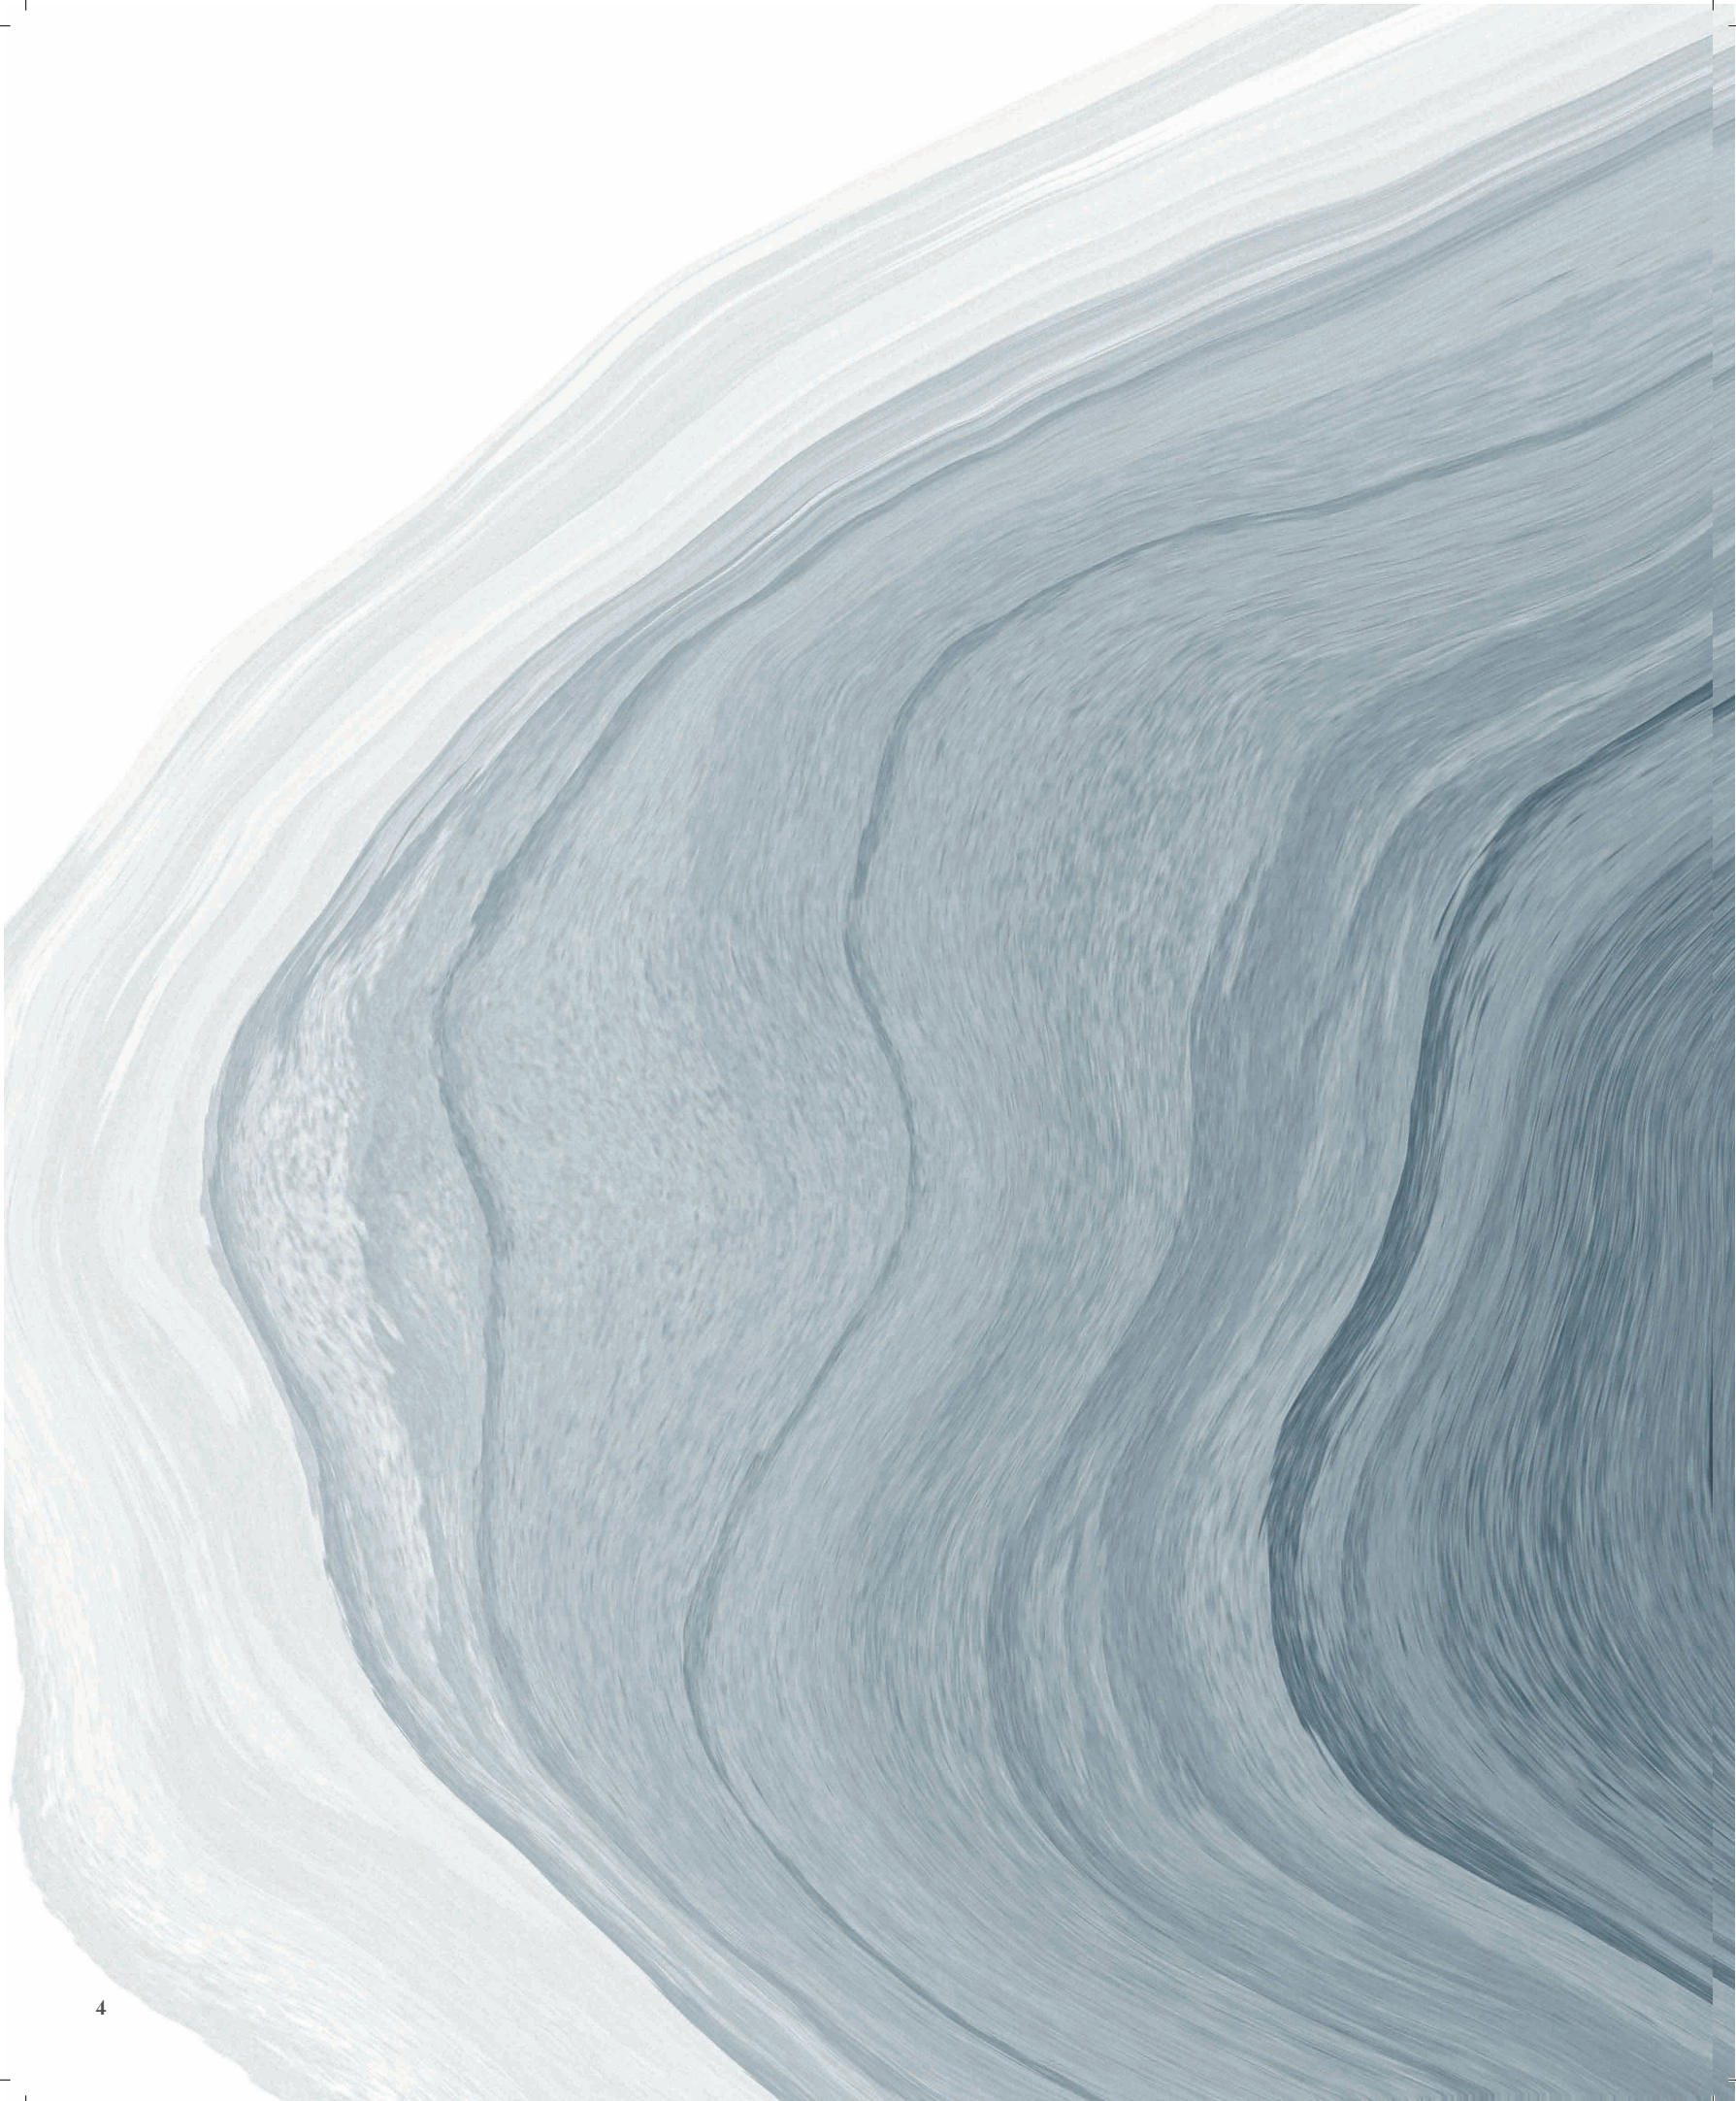

The design and development of our quality furniture happens from our Head Office in West Sussex, just an hour outside of London. We offer our supply and installation service nationwide and we can also deliver internationally.

There is a wide range of off-the-shelf designs to choose from and we also have the capacity to create bespoke pieces, whether furnishing a small garden or a large hotel development. You can visit our newly refurbished showroom at our Head Office to see our latest designs.

Our reputation has been built by listening to our clients, speaking their language, sharing their enthusiasm and bringing passion, experience and skill to the design and manufacture of outdoor furniture.

In-house Design

At Alexander Rose we understand that good design is not just about the look of the product; it's about the experience; how something feels, and how it makes us feel.

Everything we do is a combination of aesthetic design, functionality, and comfort. Working extensively with mixed materials and circular design ethics, the design team continue to develop beautiful, high quality, sustainable furniture.

245 251 257

Alan Morley

Began his career as a furniture draughtsman and cabinet maker in Brighton, England, before launching his own contemporary furniture design and manufacturing business in 1983.

As the resident designer since 2003 for Alexander Rose, Alan has developed many collections of innovative furniture that maintain the company's position at the forefront of the outdoor furniture industry. Cordial, Sorrento, and Dana Lounge, are notable designs that have been internationally recognised.

Louis Radtke

Louis started at Alexander Rose in 2021 having completed his BA in Product Design at the University for the Creative Arts.

Since joining the company, Louis has co-designed 2 outdoor timber collections: Dana and Bolney and our new indoor collection, Trak.

Eager to pursue his passion for furniture design and craft, he is looking forward to creating many more exciting new ranges for Alexander Rose in the future.

kvadrat

Kvadrat Patio Outdoor fabric range is an upholstery textile developed for outdoors, which offers exceptional colour vibrancy. Designed by Karina Nielsen Rios, it is made with a highly durable, specially developed Trevira CS yarn.

A result of 3 years intensive research, Patio features a fluorocarbon-free, environmentally-focused finish, which is water-repellent and fast-drying. It also provides resistance against chlorine, seawater and artificial weathering and is flame-retardant. In addition to its technical features, it also stands out for being soft to the touch compared to other outdoor fabrics.

Patio is suitable for all outdoor spaces, as well as other areas, like spas and indoor pools, where high-humidity and chlorine are a factor.

3D CAD Drawings

Your personal Account Manager will visit you on site to discuss your requirements and budget and give advice if needed. We will take photos and measurements of the area and your Account Manager will put together some options for you working with our in-house Graphic Designer. We will map out your furniture onto a CAD drawing of your venue, whether it be a balcony, terrace, conservatory or poolside.

Once the area has been drawn, it will be simple to move furniture around or even go for a completely different look so you can make sure you are getting exactly what you want and need. The drawings will be sent to you, along with a quotation.

For overseas customers, you can send us images and measurements via email and we will then provide you with the same service.

Made To Measure Cushions

Process

Our in-house cushion factory can produce bespoke cushions – whether using COM for Alexander Rose cushions or made-to-measure cushions for your existing furniture or new project.

Fabric

We have a choice of 17 fabrics to choose from, with an optional waterproof backing on. We use high performance fabrics from Texsilk, Pintail and Sunbrella – three of the world's foremost fabric producers.

You are also able to specify your own fabric which you can provide or we can source on your behalf (service charge applies).

Lead Time

Standard lead time for made to measure cushions will be 3-6 weeks dependent on the project size.

Projects

Headland Hotel & Spa

The Headland Hotel is a stunning Victorian escape on the South West British coast. It is a 5 star hotel overlooking Newquay Beach, with stunning panoramic views of the coastline.

The brief

We were contacted by Dynargh Design at the end of 2019 as the build of The Aqua Club was underway. A brand new £10m addition to the hotel designed by Lilly Lewarne Architects. The Aqua Club was designed with the landscape in mind making use of natural materials such as stone, granite and a living roof. The furniture had to compliment the curved architecture and natural colour tones throughout the spa.

The end result

Dynargh Design knew they wanted the Cordial collection due to it's tactile properties and curved design features. Whilst the standard offerings were in grey tones, they worked closely with the Alexander Rose design team to choose a natural stone colour rope. A mixture of the iconic Cordial Surf Lounger and Cordial deep seated lounge were chosen to create a visually appealing space, whilst maintaining comfort as the most important factor.

Projects

South Lodge Hotel & Spa

South Lodge country house hotel sits proudly atop of a hill in Horsham, with uninterrupted views of the rolling Sussex countryside splayed beneath. The grounds are bursting with colour, with magnificent rhododendrons, wisteria and azaleas in every direction.

And if that wasn't enticing enough for a long-weekend's stay, 2019 saw the opening of their 44,000 square foot luxury spa, which was built around the natural contours of the land. It was a very long-anticipated project, with a 15 million pound investment. The expectations from all were very, very high.

The brief

Sparc Studios, the design consultants for the spa development project, initially contacted us to quote for their poolside loungers alone, but after realising that we could manufacture completely bespoke furniture, their brief naturally expanded, and we were only too excited to be able to assist.

We learned that the house had been built by Frederick DuCane Godman, a British naturalist and plant collector, in the early 1800's. This inspired the design concept for the spa to have a botanical theme throughout, paired with textured fabrics and complementary earthy tones.

The end result

The furniture, despite being completely bespoke in design, took just under 5 months to deliver. From the first consultation right through to installation, which we completed across 2 days. It was so exciting seeing the new furniture in situ at this magnificent location. With every lounger and side table that was added, the spa became more alive, as the opening date also inched closer.

We were very happy with the way this project turned out. Bespoke sun loungers, opulent daybeds, sprawling sofas and the iconic 'teardrop' chairs were crafted with our viro weave in 2 bespoke, earthy colours, to go with the natural theme of the project. Some of our beige cordial rope furniture was also added to the outdoor terrace to add some different textures to this space.

The same cushion fabric was used to create flow and continuity between the inside and outside of the spa. Not only does the furniture look extremely high-end and offer supreme comfort, it can also be left outside all year round and requires very little in the way of maintenance. We've since worked with Sparc Studio on a number of other exciting projects including Mottram Hall and Cottonmill Spa.

Projects

The Treehouse @ Chewton Glen

A stay at Chewton Glen is one you certainly won't forget in a hurry. Located on the edge of the New Forest National Park, this English country house hotel is nothing short of idyllic. There's 130 acres of land to explore, a striking outdoor pool, a spa, a gym and a multi-award winning restaurant.

We've manufactured and supplied various pieces for Chewton Glen since 2011 and we've always enjoyed working with them. So we were naturally very excited to learn that they also wanted us to supply the furniture for something completely unique – their four incredible treehouses, which are nestled up high in the canopy of the trees. With large sweeping balconies, cosy log burners and free-standing baths – they're nothing short of luxurious.

This unique accommodation offers a complete immersion with nature, with unrivalled tranquility as a result. Which is why our Roble timber was chosen as the wraparound for the terraces. This not only ensured that the treehouses merged seamlessly with their surroundings, it also met their environmental requirements for sustainable resources, which came from a trusted and local supplier.

Whilst of course our Roble timber is grown in managed forests in Bolivia, our headquarters are based just a short distance from them in Sussex. And this particular timber that we source has the highest FSC (Forest Stewardship Council) approval and is a robust, stronger and sustainable alternative to many other woods.

We also supplied equally sustainable round dining tables, wide and inviting sofas and recliner sun loungers so their guests could make themselves comfortable after a dip in the hottub as the sun sets behind the trees. For added comfort, they also chose the contrasting charcoal coloured cushion in our popular waterproof Olefin fabric, enabling them to be left outside during light showers.

Dana

5^{Year}
Warranty*

Dana is our newest range, which proudly sits in our Signature collection of luxury garden furniture.

Our in-house designers were keen to create a mid century Danish design which proudly showcases elite joinery and workmanship.

Teak furniture is often bold and chunky. Yet the desire for our Dana range was to create furniture which would still benefit from the unrivalled qualities of teak, but with a far more elegant appearance.

The Dana seat pad is woven from a durable outdoor rope. With reference to traditional paper-cord weaving seen on Danish classics, the Olefin cord offsets the Teak, giving the chair visual harmony and balance.

*For full warranty information, please visit: www.alexander-rose.co.uk/about/our-warranty

Sorrento

5^{Year}
Warranty*

Invite your imagination on a journey to this beautiful Southern Italian peninsula, where you're sipping Limoncellos and snacking on olives and nuts, and before too long realise that you are in fact in your own garden enjoying the most luxurious of all of our garden furniture, the Sorrento.

This premium range has been a real success with our customers, which is why we've now introduced a dining set to the collection, alongside the award winning existing lounge set.

Using FSC® 100% quality Teak sourced from sustainable forests in Brazil, it's incredibly hard wearing and durable and will weather and age beautifully over time. You also get a 10 year warranty with all Teak products.

The Kvadrat fabric on the modular cushions is water resistant so we supply easy to use waterproof shower-cap covers to slip over the cushions when not in use.

This luxury garden furniture really is absolute perfection!

*For full warranty information, please visit: www.alexander-rose.co.uk/about/our-warranty

International Design Award

Our in-house designers of the Sorrento Lounge were the proud winners of an International Design Award in 2021. Key to the success was the material selection, along with the form of the modules and acute attention to detail on every joint and assembly of the frames.

Plank

5 Year
Warranty*

Our Plank range signifies strength, simplicity and practicality. Using tried and tested construction methods to create very striking, bold pieces of furniture.

The tables come in 2 sizes, 2.4m and 3.0m and the Teak top is made using 5 hand-selected planks, picked for their consistent colour and grain. The stretcher rail locates into the cross frames with a locking peg – a traditional joinery detail with a modern twist.

The benches are 1.2m long and can sit alongside the table, or as a standalone bench. Our favourite set up is to pair the table with 2 benches on one side, sitting opposite either our San Marino, Monte Carlo or Cordial woven armchairs.

Plank is a range for those who love excellent quality furniture which makes a real statement.

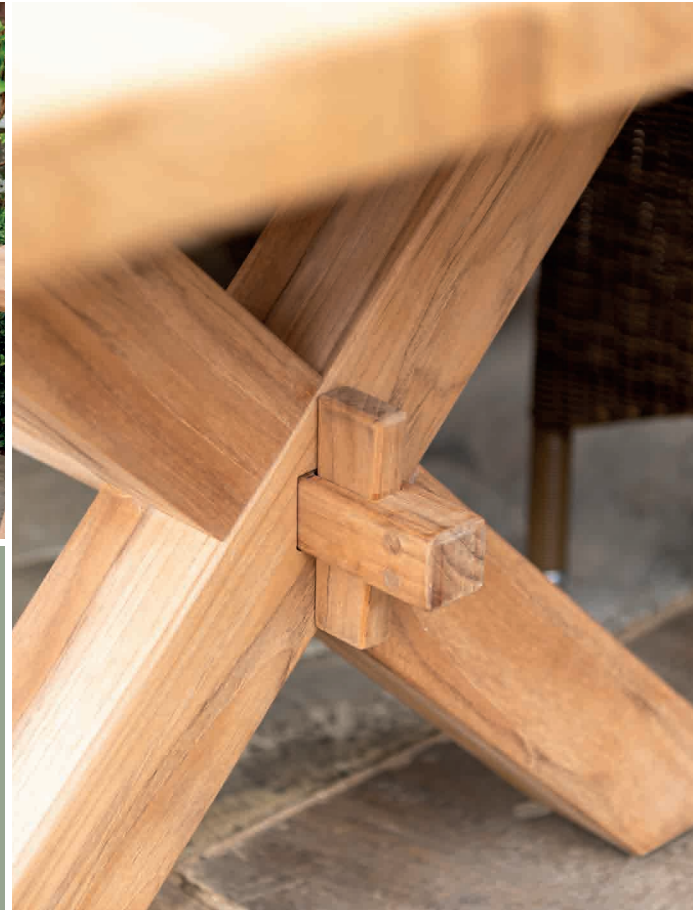

*For full warranty information, please visit: www.alexander-rose.co.uk/about/our-warranty

The King of Timbers

It's made from one of the strongest timbers in the world, which makes it extremely durable and hard wearing - exactly what you want for garden furniture.

Plank works beautifully with chairs from our San Marino, Monte Carlo and Cordial ranges.

Tivoli

5 Year Warranty*

Our Scandinavian-inspired Tivoli range is all about precise angles and elegant slats.

Roble wood is typically used in more traditional styles which is why this range is so unique. The elegant frames are sleek and contemporary, yet still equally strong and durable. The colour of the wood is both warm and natural, with a beautiful, visible grain.

After a perfect day entertaining friends on your new Tivoli garden furniture, you can sleep with a clear conscience too, because the whole collection is FSC® 100% certified, awarded by The Forest Stewardship Council - an independent non-profit organisation who assure that the forests from which the timber originates meets the social, economic and ecological needs of present and future generations.

Bengal

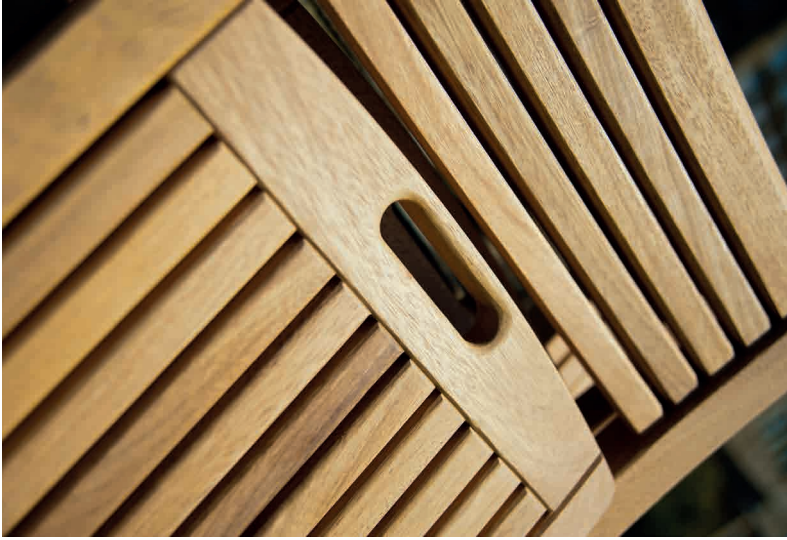

5 Year
Warranty*

Our Bengal range sits within our Core collection of garden furniture. Each product has a classic design, all made from Roble wood, which has beautifully warm and natural tones.

If you're after clean and unfussy garden furniture, with an emphasis on natural materials and quality craftsmanship, which also scores highly in terms of durability, look no further.

Roble timber doesn't require treatment and will have an expected lifespan of 25 years without it. If left to age naturally, your garden furniture will slowly turn a beautiful silvery-grey colour. Or, if you're keen to preserve the colour, it can be treated with the Alexander Rose Colour Protector. Follow with Timber Shield to create a protective barrier against water and moisture.

Royal Park

5 Year
Warranty*

Our Royal Park bench range is made from one of the finest, most durable timbers - Roble, which has a beautiful honey-colour and natural tones. We also have a 5ft Royal Park bench in Teak from Brazil. Teak is equally as durable as Roble and has a mellow orange colour with an enhanced grain. The pre-built bench design is chunky, sturdy and inviting for a long natter with a friend. We have 3, 4, 5 and 6 seater options.

Roble and Teak doesn't require treatment and will still have an expected lifespan of 25 years without it. If left to age naturally, your bench will slowly turn a beautiful silvery-grey colour. Or, if you're keen to preserve the colour, it can be treated with the Alexander Rose Timber Shield to create a protective barrier against water and moisture.

Broadfield

2-5 Year
Warranty*

Over 20 years ago we had a vision to bring quality, affordable garden furniture to the UK market and the Broadfield bench was the first product we ever designed! Design and ergonomics embodies everything that we still incorporate into our designs to this day - ultimate comfort, classic styles and a quality finish. So it's no wonder that these are our best selling benches!

The chairs and benches in this range all have a curved and elegantly slatted back, which fit to the shape of your back for ultimate comfort. We pioneered the design all that time ago, and it's now a common design feature in best-selling garden furniture around the globe.

The range comes in a choice of 5 finishes, whether you prefer a honey coloured wood, a darker, richer wood, or freshly painted for a modern finish!

Acacia and Oiled Mahogany comes with a 3 year warranty.

Roble comes with a 10 year warranty.

New England

We can just picture this White Painted classic bench next to a pond, or in a cosy corner of the garden.

The slatted back, the rounded arms, the curved arch at the back - they all tick that quintessentially English brief.

St. George

2-5 Year
Warranty*

Our St. George benches perfectly embody everything that we incorporate into our designs - ultimate comfort, classic styles and a quality finish. They're very similar to the benches in our Broadfield range, only with much thicker timber, for those who prefer a chunkier style.

They all have a curved and elegantly slatted back, which fit to the shape of your body for ultimate comfort. We pioneered the curved back design when we first started up and it's now a common design feature in best-selling garden furniture around the globe.

We have 4ft, 5ft and 6ft versions, perfect for between 2-4 people, to sit, natter and relax.

Acacia and Oiled Mahogany comes with a 3 year warranty.

Roble comes with a 10 year warranty.

AC1401 / AC1403

Bolney

2 Year
Warranty*

Our Bolney range showcases beautiful, strong timber garden furniture, made from Acacia. This dense hardwood is a rich brown colour, with an attractive marbled grain.

This timber is extremely durable - so you can be confident it'll last for many years to come, even with the good old English weather. We recommend treating annually with our Timber Treatment to nourish the wood and maintain the original colour for longer.

*For full warranty information, please visit: www.alexander-rose.co.uk/about/our-warranty

AC1401 AC1402

AC1401 AC1404 UP30E GB11

Beautiful Figurative Grain

We have hand selected every piece of timber to ensure each piece of furniture in the Bolney range has a unique and distinctive finish which highlights the striking marble effect grain. The timber is sanded by hand to give a super smooth finish.

AC1412 AC1411 AC1413

AC1412

AC1405

AC1407

AC1401 AC1407

Authentic Craftmanship

We have used zinc plated spacers along the sunbed rail to create a floating effect giving the sunbed lightness. The sling is made from PVC coated mesh which is completely weatherproof and means you can lay back and relax without the need for a cushion.

Malu

2 Year
Warranty*

Our rustic Malu range offers both quality and affordability in equal measures. It's classic, familiar and functional. And it includes an adorable 2 foot children's picnic table!

This range is known for its practicality, and space-saving designs. All of the products are made from Pine which has been sourced from responsibly managed forests in Eastern Europe. The Pine has been treated to make it suitable for outdoor use, all year round. In time, these products will turn an ashy silver / grey. We recommend applying a softwood preserver annually.

Cordial

2^{Year}
Warranty*

We wanted our Cordial collection to make a statement and to be a talking piece for our customers, and we're confident it's done just that.

Each piece of furniture is crafted from tubular powder coated aluminium frames, that have been handwoven with marine grade olefin rope with a soft rubber core. The rubber core means that only the surface of the rope gets wet during rainfall, and will dry out quickly – around 30 minutes in sunshine and a little longer on a cloudy day. The rope is manufactured to be able to withstand even the most inclement of weather and can therefore be left outside year round.

Available in either dark grey or beige 15mm rope or a chunkier dark grey or light grey 50mm rope. Cushions are available in a choice of 5 earthy Kvadrat Fabrics.

The dining chairs are designed to go with our Rimini dining tables with textured matt grey powder coated frames and ceramic effect coated glass tops.

Our show stopper in the Cordial range is the Lucy Chair. Available either hanging from a cantilever frame, or sitting on a base, this piece acts as a cocoon – a place for you to get cosy and experience ultimate relaxation.

*For full warranty information, please visit: www.alexander-rose.co.uk/about/our-warranty

Weatherproof Rope

The Cordial rope is made from Olefin – a weather proof, fade resistant fibre that can withstand even the most inclement weather. The rope has a thick rubber core, so only the very surface gets wet. This will dry out in the sun in half an hour (a little longer on a cloudy day).

Rimini

2 Year Warranty*

The Rimini collection has two very prominent qualities - firstly the products are sleek and elegant with angular, modern edges, which give an effortlessly sophisticated look to your space. Secondly, the collection is extremely durable and can withstand the harshest weather conditions. The products are made from powder coated aluminium, in a textured matte grey.

The quality of welding and polishing of the frames is easy to see and highlights the craftsmanship of each piece of furniture.

The flagship items of this collection are the 10 seater extending dining table, with it's smooth opening mechanism and the spacious modular corner lounge set, which has a striking strapping detail on the back.

The luxurious, plump and super-inviting cushions come in a light grey colour to complement the mid to dark grey frames. They have a waterproof interliner meaning you can be worry free if they are exposed to a light shower.

Our beautiful extensive Rimini range will undoubtedly transform your outdoor space. And the entire collection comes with a five-year warranty too, although we're confident it'll last you many years beyond that.

*For full warranty information, please visit: www.alexander-rose.co.uk/about/our-warranty

It's all in the details

Be sure to have the back of your Rimini Modular set on full display in your garden – the strapping detail highlights the curve of the modules and means it looks equally as stylish and inviting from the back as it does from the front.

Beach

2^{Year}
Warranty*

Our Beach collection is known for its luxury comfort and effortless style. This is why it sits in our Signature collection, reserved only for our most premium garden furniture.

We teamed up with UK designer, Carsten Astheimer, to create the beautiful products within this quality range, which includes a modular sofa set with side and coffee tables to match.

The frames are made from powder coated aluminium and the cushions are made from Kvadrat, an excellent quality fabric which has deep roots in Scandinavia's world-famous design tradition. We've carefully selected five earthy colours which look calming and sophisticated in any combination. The fabric itself is water resistant and there is a waterproof interliner surrounding the foam inside, so unwanted rain drops won't have a chance to penetrate.

Trust us when we say that the Beach Lounge modular sofa with plump cushions is every guest's dream.

*For full warranty information, please visit: www.alexander-rose.co.uk/about/our-warranty

All Summer Long

The Beach cushions are fibre filled for ultimate sink in comfort. They come in a choice of 5 earthy colours in our premium Kvadrat fabric. The fabric has a level of water resistance and the filling is wrapped in a waterproof interliner, meaning you can be worry free if they are exposed to a light shower.

Portofino

2 Year
Warranty*

Our Portofino range has been one of our most popular, and we firmly believe this is because of its style and simplicity.

Products in this sought-after range are made from steel which has been finely powder coated as part of a cathodic dip coating process, also known as CDC. Essentially, this means that you can be confident that it won't rust. We can vouch for its durability with a 5 year warranty too.

Cushion shades within the Portofino range can be matched with our parasols, so you can create a perfectly matching outdoor space which will be the envy of all your friends.

San Marino

5 Year Warranty*

The San Marino range encapsulates a sunny, relaxing spot in the Mediterranean and creates a perfect setting for your outside space.

The entire range is manufactured by our team of weavers and welders, out in our factory in the Philippines, which is home to many of the best weavers in the world. Each item of garden furniture in the San Marino collection has been designed with modern aesthetics and ultimate comfort in mind.

The furniture is made from 3mm Red Pine Rose HDPE (High Density Polyethylene) fibers woven onto a sturdy aluminium frame, in a traditional basket weave style which still carries an elegant and contemporary style. San Marino cushions are made using Oatmeal olefin fabric and come with a two-year warranty. The Rose Fibre is long-lasting and 100% recyclable – it's also highly durable, weather and UV resistant, making it the ideal choice for your garden or terrace, in all weathers.

Ocean Pearl

5^{Year}
Warranty*

Our Ocean Pearl range is made from a 7mm flat Pearl Rose weave, which is then hand woven in a traditional basket style pattern, onto a powder coated aluminium frame. This aluminium frame which sits beneath the weave and creates the structure of the furniture is thicker than the industry standard, and this is because we wanted durability to be one of the main qualities of this beautiful garden furniture.

It can be left outside all year round and it won't fade as the weave is coloured all the way through - like a carrot rather than a radish!

We're so confident in the durability of the Ocean Pearl range, that we also provide a ten year warranty on all products. Cleaning couldn't be easier too - simply wipe with a wet cloth, or you can even use a pressure wash.

Chill in our iconic Relax Hut or hang out with cocktails for some much needed "you time" on the Sunset compact sofa set.

7723GR

Monte Carlo

2 Year
Warranty*

The Monte Carlo range includes a broad range of items, from armchairs to sunbeds and modular sofas, and features some quirkier items too, such as a hanging chair and relax lounger.

Manufactured at our factory in Cebu, Philippines, and handwoven by our in-house highly skilled weavers, our Monte Carlo range is made with 3mm synthetic grey rattan woven into strong and sturdy aluminium frames.

The beautiful Monte Carlo cushions are made from durable Olefin fabric in charcoal colour, which compliments the grey weave frames.

INTRODUCING
INDOOR

9001

Trak

2^{Year}
Warranty*

Trak is our new indoor furniture collection, intricately designed and expertly engineered from FSC® 100% certified quality White Washed European Oak.

The signature piece of this hybrid collection, the slatted Trak Bench, will stand proud in your hallway, sit at the end of your bed or feature in your living space as an elegant coffee table. This premium product comes conveniently flat packed, and is easy to assemble.

Complementing Trak Bench is the oak framed Trak Tray, featuring a dual coloured base in pastel green and matt black. The tray cleverly locks in place between the slats of the seat.

Trak Coat Rack creates a striking feature above the bench in a hallway or cloakroom. Its slatted shelf and pegs have been designed to align with the bench seat, completing the Trak set.

*For full warranty information, please visit: www.alexander-rose.co.uk/about/our-warranty

9001 9005

Trak

The way the bench seat is rebated into the leg frame rails with soft curves, gives it a crafted feel, and comfortable to sit on. A versatile piece that can be used in your hallway, at the end of your bed or as a coffee table.

Accessories

1 Year
Warranty*

Add a splash of colour to your lounge set, some shade from the harsh sun rays, or grab yourself some convenient storage bags. We have all the garden accessories you'll ever need to add the finishing touches to your garden oasis.

*For full warranty information, please visit: www.alexander-rose.co.uk/about/our-warranty

Parasols

A twist on our classic hardwood parasol which has the same trusted pulley and locking pin system. What's different about this parasol is the addition of faux leather patches covering the canopy's tips to reinforce the material.

The thickness of the parasol's pole has been increased and has a single central pole making for an all-round sturdier parasol. We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

Alexander Rose aluminium parasols are easily operated with a simple crank handle and have a tilt mechanism, allowing you to angle the canopy to provide effective shade from the sun. An addition for 2023 is our 3.0m luxe aluminium parasol in charcoal which is a sturdy commercial grade parasol.

Cantilever Parasols

Our elegant cantilever parasols can be positioned to provide maximum shade. They appear to float above the furniture and can be manually rotated to follow the sun.

They are free standing, which allows you to position the furniture underneath rather than around a central pole as with conventional designs. The crank mechanism enables effortless use.

The parasols are made using lightweight durable polyester fabric which is water resistant and easy to clean. To clean your parasol we advise that the fabric is kept attached to the frame. For best results use a soft brush or broom and warm soapy water. For stubborn stains the canopy can be removed and washed at 30°C. Once washed it is important to put the canopy back on the frame to dry.

UH30

The UH30 is an 18 spoke curved 3.0m cantilever parasol.

It's easy to raise and lower the canopy with a crank handle mechanism. The canopy can be adjusted into 7 positions to give maximum shade from the sun.

For use with the UHGB90 granite base. Comes with a night cover.

UH30S

The UH30S is an 8 spoke 3.0m square cantilever parasol.

It's easy to raise and lower the canopy with a crank handle mechanism. The canopy can be adjusted into 7 positions to give maximum shade from the sun.

For use with the UHGB90 granite base. Comes with a night cover.

UH35

The UH35 is an 8 spoke 3.5m round cantilever parasol.

The easy crank mechanism makes raising and lowering one smooth movement. The canopy can be adjusted into 7 positions to give maximum shade from the sun.

Use with our UHGB90 granite base. The UH35 comes with a night cover.

Covers & Storage

Our covers are breathable and protect against the build up of dirt and ensure less furniture maintenance is required. The covers come with ties and cords for securing to the furniture. It may be necessary to place an object such as a bucket between the furniture and the cover. This will reduce the amount of sagging and will help the airflow around the furniture.

Bolt down anchors for hard ground and concrete surfaces.

Bench Engravings

Alexander Rose offers an engraving service with three options: brass plaque, stainless steel plaque and direct engravings onto our furniture. Our brass plaque offers a more traditional look for your inscription. Stainless steel plaques provide a more contemporary look with a silver shine, and they will not rust.

If you are looking for something unique we offer a direct engraving service. Your inscription is carved directly into the timber by a computer-aided engraving machine. A direct engraving will mellow down along with the bench to a silver/grey finish if left untreated.

Furniture Anchors

We have designed two types of anchors for different surfaces, the most common being lawns. Using an Alexander Rose soft ground anchor kit avoids the need for concrete. Installation is quick and easy without any mess.

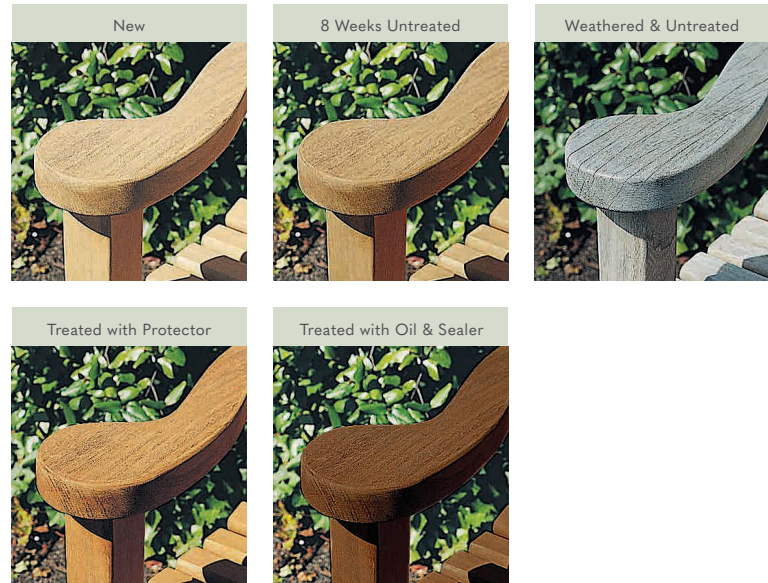

Our soft ground anchors come with solid brass plates that screw onto the outside legs. These have sleeves to allow the anchors to pass through and penetrate the surface. When an anchor approaches its maximum depth (500mm) a curved fluke is released to grip the bench further into the surface, adding more security. Our hard ground anchors are designed to be used with concrete. They have a maximum depth of 110mm and require a 20mm masonry drill bit to install them.

Timber Treatments

Over time, as part of the natural weathering process, cracks and splits will appear in the wood, particularly on the end grain and to a lesser extent on the surface. The drier the wood, the more cracks will appear due to the evaporation of natural oils and minerals from exposure to the elements. As with most hardwoods, this is a normal characteristic for any timber which remains outdoors. Our timber furniture is designed with this in mind and its strength and durability will remain unaffected.

Wooden furniture can be treated with our specially formulated care products to give a beautiful rich finish and enhance the look of the wood.

Timber Cleaner

sku: GT2
Vol 1000ml
Cleans and brightens weathered timbers.
Can be used on: **Dark Acacia, Teak, Roble**
Water based

Colour Protector

sku: GT3
Vol 1000ml
Gives a uniformed appearance. Slows the discolouration from sunlight.
Can be used on: **Teak, Roble**
Water based

Timber Shield

sku: GT5
Vol 1000ml
Makes timber repellent to water and moisture. Helps prevent stains.
Can be used on: **Teak, Roble**
Water based

Cornis Oil

sku: ARTB
Vol 500ml
Helps restore Oiled Mahogany timber back to its original brownish colour.
Can be used on: **Oiled Mahogany**
Oil based

Timber Treatment

sku: ARTT
Vol 500ml
Protects the natural look of all unpainted hardwood timbers by enhancing its appearance.
Can be used on: **Dark Acacia**
Oil based

Timber Sealer

sku: ARTS
Vol 500ml
Protects against weathering and reduces moisture absorption. Use after Timber Treatment for extra protection
Can be used on: **Chestnut Acacia, Grey Acacia, Dark Acacia**
Oil based

Fabric Treatments

To keep your cushions looking their best, clean regularly using our Fabric Cleaner. Dampen the fabric, spray the cleaner onto the affected area and leave for 3-10 minutes, allowing it to work its magic. Rinse with clean water and allow to dry. Add a layer of protection once dried, using the Fabric Shield – this adds a layer of water resistance and helps to prevent stains.

Fabric Cleaner

sku: GT6
Vol 1000ml

Keep your furniture in beautiful condition with our fabric cleaner, which removes dirt and stains like magic.
Can be used on: **All Fabrics**

Fabric Shield

sku: GT10
Vol 1000ml

Add a protective layer to your fabrics with our Fabric Shield. It will repel any water it comes into contact with, which helps to maintain the new look for longer and will help to prevent stains in the future too.
Can be used on: **All Fabrics**
