

# Furniture Covers

Our covers are breathable and protect against the build up of dirt and ensure less furniture maintenance is required. The covers come with ties and cords for securing to the furniture.

## Maintenance

---

Our covers are made from Polyester - a durable, quick drying and mildew resistant fabric.

They are breathable, they are not 100% waterproof. This allows for air flow around the furniture when covered.

Depending on the type of Alexander Rose furniture you have, it may be necessary to place an object such as a bucket between the furniture and the cover. This will reduce the amount of sagging, and will help airflow around the furniture, this will prevent the chance of rotting occurring to furniture.
