

Ocean Pearl

For many years we offered our customers the 'Ocean' range, which proved to be a huge hit. We then added further products to the range in a new multi-tonal grey colour named 'Pearl' and this overtook in popularity!

Put your feet up on the stunning Surf Lounger, chill in our iconic Relax Hut or hang out with cocktails around the Maldives Lounge Sofas for some much needed "you time".

Maintenance

We recommend that Ocean Pearl is cleaned at least once a year. It is important to use a non foaming cleaner on woven furniture, as a foaming product will leave residue in the gaps in between the weave which will then attract dirt.

A pressure hose on a gentle wide spray setting can also be used to clean your weave.

Our woven products come with cushions in either Charcoal or Oatmeal, and are made from 190gsm 100% Olefin. This is a water and stain resitant outdoor fabric.

Cushions can be cleaned with our Fabric Cleaner and a microfibre cloth. Once dried we recommend applying a layer of our Fabric Protector. Store the cushions in a dry place when not in use.

Spare glass, cushions and footcaps can be ordered at parts.alexander-rose.co.uk.
