

# Pembroke

Pembroke dining and lounge furniture is made using a combination of carefully selected mixed materials that epitomise refined elegance.

There are two, four and six-seater round tables, a lounge set and the piece-de-resistance, is the square and rectangular casual dining sets, all to enhance your outdoor lifestyle.

Weaving padded 45mm wide rope onto a grey aluminium frame, in a sculpted form with tapered legs, gives an inviting appearance. The table tops are made from a grey timber grain effect glass, inset into a profiled perimeter frame.

## Maintenance

Pembroke requires minimum maintenance, although we recommend cleaning your furniture annually. Clean using our Fabric Cleaner - spray the affected area, leave for 10 minutes and wipe off with clean and a microfiber cloth.

Pembroke cushions are made from Polyester fabric.
