

Sorrento

Invites your imagination on a journey to this beautiful Southern Italian Peninsula, where you can sip Limoncellos with olives and nuts, and before too long realise that you are in your own garden enjoying the most luxurious of all Alexander Rose furniture, the Sorrento. Using FSC® 100% Teak as the chosen timber, our in-house design team challenged our factories' machining capability, to achieve the slatted back feature that epitomises Sorrento.

Maintenance

If left untreated Sorrento will mellow to a beautiful silver/grey appearance. If you want to maintain the original colour we recommend applying Colour Protector annually which will enhance the appearance. Alternatively you can apply our colourless Timber Shield every 6 months.

The Sorrento cushions are made using Agora fabric. The yarns on this fabric is coloured throughout meaning your cushions are more resistant to fading over time.

The fabric has a waterproof backing, so the cushions can be left out in the summer months and during light showers. Cushions covers are provided, simply place these over the cushions when not in use. Over winter we recommend storing your cushions away.
